Dream Homes: 26 East 63rd #10AB

Upper East Side \$7.5 million

So this “grand” and “one-of-a-kind” condo loft – What? You’ve heard of this before? – on East 63rd Street is “available for the first time” and you really can make it your own. The 2,500-square-foot space is currently configured as a three-bedroom spread with a 47-foot-long living/dining/entertaining area, but where those walls go is up to you. Just make sure to account for the “oversized” windows that currently offer “views of Central Park from every room,” even the “top-of-the-line” chef’s kitchen. And the full-service Beaux-Arts building’s location – one block from the park with 100 feet facing Madison Avenue – might not be the only one of its kind, but it’s rare enough to take note. Agent: Reba Miller, Core, 212-726-0913.
